General information

Information to the Shareholders

Relevant notifications or other communications to Shareholders concerning their investment in the Company may be posted on the website <https://www.march-am.com/en/documentation/luxembourg-sicavs/>. In addition, and where required by Luxembourg law or the CSSF, Shareholders will also be notified in writing or in such other manner as prescribed under Luxembourg law.

The current Articles of Incorporation of the Company are lodged with the Registrar of the Luxembourg District Court, from whom copies may be obtained.

The issue price and the Net Asset Value of the Company shares are made public at the Registered Office of the Company.

Net Asset Value per Share

The Net Asset Value of each sub-fund and share class is calculated in the Reference Currency of the relevant sub-fund or share class, and is determined by the Management Company (or its sub-contractor) as on each Valuation Day as explained in the relevant Special Section of the Prospectus, by calculating the aggregate of:

- the value of all assets of the Company which are allocated to the relevant sub-fund in accordance with the provisions of the Articles of Incorporation; less
- all the liabilities of the Company which are allocated to the relevant sub-fund in accordance with the provisions of the Articles of Incorporation, and all fees attributable to the relevant sub-fund, which have been accrued but are unpaid on the relevant Valuation Day.

The Net Asset Value per Share is calculated in the Reference Currency of the relevant sub-fund by the Management Company (or its sub-contractor) at the Valuation Day of the relevant sub-fund by dividing the Net Asset Value of the relevant sub-fund by the number of share classes which are in issue on such Valuation Day in the relevant sub-fund (including share classes in relation to which a Shareholder has requested redemption on such Valuation Day).

1 - General information

MARCH INTERNATIONAL (the "Company") is an open-ended investment company organised as a Société d'investissement à capital variable (SICAV), incorporated under the form of a public limited liability company (*Société anonyme*) on December 1, 2010 and authorised under part I of the amended Law of December 17, 2010 relating to Undertakings for Collective Investment in Transferable Securities (the "2010 Law").

The Company is registered with the Luxembourg trade and companies register under the number B157545. Its original Articles of Incorporation have been published in the memorial C on December 29, 2010.

The Company is an umbrella structure consisting of one or several sub-funds. A separate portfolio of assets is maintained for each sub-fund and is invested in accordance with the investment objective and policy applicable to that sub-fund. The investment objective, policy, as well as the risk profile and other specific features of each sub-fund are set forth in the relevant Special Section of the Company's prospectus.

The Company is one single legal entity. However, the rights of the Shareholders and creditors relating to a sub-fund or arising from the setting-up, operation and liquidation of a sub-fund are limited to the assets of that sub-fund. The assets of a sub-fund are exclusively dedicated to the satisfaction of the rights of the Shareholders relating to that sub-fund and the rights of those creditors whose claims have arisen in connection with the setting-up, operation and liquidation of that sub-fund.

The Company's capital is expressed in Euros (EUR).

The Company's capital and the net assets of all the sub-funds are expressed in Euros (EUR), except for the sub-fund MARCH INTERNATIONAL - MARCH CLIMATE TRANSITION CREDIT (formerly MARCH INTERNATIONAL - MARCH GREEN TRANSITION BOND) which are expressed in USD.

The sub-fund MARCH INTERNATIONAL - MARCH GREEN TRANSITION BOND changed its denomination into MARCH INTERNATIONAL - MARCH CLIMATE TRANSITION CREDIT with effective date on March 28, 2025 and its investment policy.

As at June 30, 2025, the following sub-funds and share classes are available to investors:

The Company may pay investment research fees. Such investment research fees were already being charged to the Company as part of the brokerage fees foreseen in the Prospectus. Even though the investment research fees take a more important weighting within the brokerage fees, this difference in weighting is compensated by the fact that transaction fees are generally lower so that the overall amount of brokerage fees (including the investment research fees) charged to the Company remains identical except for minor changes due to the variable nature of transaction fees.

The Board of Directors of the Company may decide to issue one or more share classes, the assets of which are commonly invested but subject to different fee structures, distribution, marketing targets, currency or other specific features. A separate Net Asset Value per Share, which may differ as a consequence of these variable factors, is calculated for each share class.

The Company may, at any time, create additional share classes whose features may differ from the existing share classes and additional sub-funds, whose investment objectives may differ from those of the existing sub-funds.

To ensure effective management of the Company, the Board of Directors of the Company (hereafter “the Board”) and the Management Company may decide to manage all or part of the assets of one or more sub-funds with those of other sub-funds in the Company (pooling technique) or, where applicable, to co-manage all or part of the assets, except for a cash reserve, if necessary, of one or more sub-funds with the assets of other Luxembourg investment funds or of one or more sub-funds of other Luxembourg investment funds (hereinafter referred to as the Party(ies) to the co-managed assets) for which the Depositary is the appointed Depositary. These assets are managed in accordance with the respective investment policies of the Parties to the co-managed assets, each of which is pursuing identical or comparable objectives.

Parties to the co-managed assets only participate in co-managed assets which are in accordance with the stipulations of their respective prospectuses and investment restrictions.

Each Party to the co-managed assets participates in the co-managed assets in proportion to the assets it has contributed to the co-management. Assets and liabilities are allocated to each Party to the co-managed assets in proportion to its contribution to the co-managed assets.

As at June 30, 2025, co-management principle is not applied.

2 - Principal accounting policies

2.1 - Presentation of the financial statements

The Company prepares its financial statements in conformity with legal and regulatory requirements in Luxembourg applicable to Undertakings for Collective Investment in Transferable Securities and generally accepted accounting principles.

The preparation of financial statements in conformity with generally accepted accounting principles in Luxembourg requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities during the financial period.

Actual results could differ from those estimates. The significant accounting policies used by the Company are as follows:

Other notes to the financial statements

2 - Principal accounting policies

2.2 - Portfolio valuation

Securities and money market instruments listed on an official stock exchange or dealt on any other Regulated Market are valued at their last available price in Luxembourg on the Valuation Day and, if the security is traded on several markets, on the basis of the last known price on the main market of this security. If the last known price is not representative, valuation is based on the fair value at which it is expected it can be sold, as determined with prudence and in good faith by the Board of Directors of the Company.

Securities and money market instruments not listed on a stock exchange or any other Regulated Market as well as securities and money market instruments listed on a Regulated Market for which no price is available, or securities whose quoted price is, in the opinion of the Board of Directors of the Company, not representative of actual market value, are valued at their last known price in Luxembourg or, in the absence of such price, on the basis of their probable realisation value, as determined with prudence and in good faith by the Board of Directors of the Company.

Money Market Instruments are valued at amortised cost.

UCIs are valued on the basis of their last available Net Asset Value in Luxembourg. As indicated below, this Net Asset Value may be adjusted by applying a recognised index so as to reflect market changes since the last valuation.

In the context of sub-funds which invest in other UCIs, valuation of their assets may be complex in some circumstances and the administrative agents of such UCIs may be late or delay communicating the relevant Net Asset Values. Consequently, the Management Company (or its sub-contractor), without liability for and under the responsibility of the Board of Directors of the Company, may calculate the Net Asset Value of the relevant sub-funds as of the Valuation Day considering, among other things, the last valuation of these assets, market changes and any other information received from the relevant UCIs. In this case, the Net Asset Value estimated for the sub-funds concerned may be different from the value that would have been calculated on the said Valuation Day using the official Net Asset Values calculated by the administrative agents of the UCIs in which the sub-funds invested. Nevertheless, the Net Asset Value calculated using this method is considered as final and applicable despite any future divergence.

2.3 - Net realised profit or loss on sales of investments

Net realised result on sales of investments are calculated on the basis of the average cost of the investments sold.

2.4 - Liquidities

The value of any cash in hand or on deposit, notes and bills payable on demand and accounts receivable (including reimbursements of fees and expenses payable by any UCI (Undertakings for Collective Investment) in which the Company may invest), prepaid expenses and cash dividends declared and interests accrued but not yet collected, are deemed the nominal value of these assets unless it is improbable that it can be paid and collected in full; in which case, the value is arrived at after deducting such amounts as the Board of Directors of the Company may consider appropriate to reflect the true value of these assets.

2.5 - Foreign currency translation

Assets and liabilities expressed in currencies other than the sub-fund's reporting currency are converted into the reporting currency at the exchange rates prevailing on the Valuation date. Income and expenses in currencies other than the sub-fund's reporting currency are converted at the exchange rates prevailing at transaction date.

The resulting net realised result is disclosed in the Statement of operations and changes in net assets.

Cost of investments in securities in currencies other than EUR is converted into EUR at the exchange rate applicable at purchase date.

The exchange rates used as at June 30, 2025 are as follows:

1 EUR =	1.60175	CAD	1 EUR =	0.93435	CHF	1 EUR =	8.41125	CNY
1 EUR =	7.4608	DKK	1 EUR =	0.8566	GBP	1 EUR =	9.2147	HKD
1 EUR =	169.55675	JPY	1 EUR =	11.87905	NOK	1 EUR =	11.18725	SEK
1 EUR =	1.17385	USD						

Other notes to the financial statements

2 - Principal accounting policies

2.6 - Combined financial statements

The combined financial statements of the Company are expressed in Euros (EUR) being the Reference Currency of the net assets of the Company. The financial statements relating to the various sub-funds are expressed in the Reference Currency of the relevant sub-fund.

The various positions of the combined financial statements of the Company are equal to the sum of the various corresponding positions in the financial statements of each sub-fund and are expressed in EUR.

2.7 - Valuation of futures, forward foreign exchange and options contracts

The liquidating value of futures, forward foreign exchange or options contracts that are not traded on Regulated Markets or on other Regulated Markets is determined pursuant to the policies established in good faith by the Board of Directors of the Company, on a basis consistently applied.

The liquidating value of futures, forward foreign exchange and options contracts traded on Regulated Markets or on other Regulated Markets is based upon the last available settlement prices as of the relevant valuation day of these contracts on Regulated Markets and Regulated Markets on which the particular futures, forward foreign exchange or options contracts are traded; provided that if a future, forward foreign exchange and option contract could not be liquidated on such business day with respect to which a Net Asset Value is being determined, then the basis for determining the liquidating value of such contract is such value as the Board of Directors of the Company may, in good faith and pursuant to verifiable valuation procedures, deem fair and reasonable.

The net unrealised gain/loss on these contracts is disclosed in the Statement of net assets.

The change in net unrealised appreciation/depreciation and the net realised gain/loss on these contracts is disclosed in the Statement of operations and changes in net assets.

For the details of outstanding contracts at reporting date, if any, please refer to section "Notes to the financial statements - Schedule of derivative instruments".

2.8 - Dividend and interest income

Dividends are taken into account on the date upon which the relevant investments are first listed as ex-dividend.

Interest income is accrued on a daily basis. Income is recorded net of withholding tax, if any.

2.9 - Distribution of costs and expenses

Expenses are accounted for on an accrual basis. Expenses are charged to the Statement of operations and changes in net assets except when expenses incurred on the acquisition of an investment which are included in cost of investment and similarly expenses are deducted from the disposal of investment proceeds.

2.10 - Transaction fees

The total amount of transaction fees is included in the Statement of operations and changes in net assets and includes depositary and Sub-depositary fees, Correspondent's expenses and Brokerage fees.

3 - Issue, Conversion and Repurchase of the Company's Shares

Subscriptions for Shares in the sub-funds are accepted on each Valuation Day. Applications for subscriptions must be received by the Management Company (in its capacity as Administrative Agent) not later than 4.00 p.m. (Luxembourg time) on the Business Day before the relevant Valuation Day. Applications received after that time are processed on the next Valuation Day.

Shares in the sub-funds may be redeemed on each Valuation Day. Redemption requests must be sent in writing to the Management Company (in its capacity as Administrative Agent) or the Distributor(s). Redemption requests must be received by the Administrative Agent no later than 4.00 p.m. (Luxembourg time) on the Business Day before the relevant Valuation Day. Redemption requests received after this deadline are processed on the next following Valuation Day. Redemptions are paid by the Depositary in EUR within 3 Business Days after the relevant Valuation Day.

A Conversion Fee, in favour of the original Sub-Fund or Class, of up to 2% of the Net Asset Value of the new Sub-Fund may be levied to cover conversion costs. The applicable fee, if any, will be stipulated in the relevant Special Section.

The same rate of Conversion Fee will be applied to all conversion requests received on the same Valuation Day.

Shares in the sub-funds may be converted on each Valuation Day. Conversion requests must be received by the Management Company (in its capacity as Administrative Agent) no later than 4.00 p.m. (Luxembourg time) on the Business Day before the relevant Valuation Day. Conversion requests received after this deadline are processed on the next following Valuation Day.

Other notes to the financial statements

4 - Management Company fees

The Board of Directors of the Company is responsible for the overall management and control of the Company. The Board of Directors of the Company review the operations of the Company and the Management Company.

The Management Company is entitled to receive a Management Company Fee of maximum 0.025% per annum of the Net Asset Value of each sub-fund, with a minimum monthly fee of EUR 4,000 for the 3 first sub-funds, and EUR 1,000 per additional sub-fund. This fee is payable monthly and based on the average net assets of each sub-fund during the relevant month.

5 - Global fees

The Management Company has, with the consent of the Company, appointed March Asset Management SGIC, S.A.U. (the "Investment Manager") as Investment Manager of all sub-funds pursuant to an investment management agreement dated December 1, 2010 and amended on July 2, 2018 (the "Investment Management Agreement"). The Investment Manager provides or procures each sub-fund investment management services, pursuant to the provisions of the Investment Management Agreement and in accordance with the investment policy, objective and restrictions of the relevant sub-fund as set out in the Articles of Incorporation and Prospectus and with the aim to achieve the sub-fund's investment objective.

March Asset Management SGIC, S.A.U., whose registered office is at Calle de Castelló 74, 28006 Madrid (Spain), is a Spanish public limited company (*Sociedad Anónima*) under the supervision of the Spanish financial regulator (*Comisión Nacional del Mercado de Valores*).

The Investment Manager and Global Distributor are entitled to receive, out of the net assets of each share class within each sub-fund, a Global Fee at an annual rate payable based on the average net assets of the relevant share class over the relevant year as disclosed in the table below in respect of each share class in each sub-fund:

Distributors, with regard to the distribution of certain share classes, may be entitled to a portion of the Global Fee as agreed from time to time with the Global Distributor.

The total management fee refers to the maximum management fee charged both to the sub-fund itself (as part of the Global Fee) and at the level of the underlying UCITS and/or UCIs in which the sub-fund invests in case such underlying UCITS and/or UCIs are managed, directly or by delegation, by the same Management Company or by any other company with which the Management Company is linked by common management or control or by a substantial direct or indirect holding.

The maximum Management fee's annual rate applied to UCITS invested by the underlying funds as at June 30, 2025 for MARCH INTERNATIONAL - MARCH ALTERNATIVE STRATEGIES is 3%.

6 - Depositary fees

CACEIS Bank, Luxembourg Branch has been appointed as Depositary of the Company. The Depositary is entitled to receive, out of the assets of each share class within each sub-fund, a fee corresponding to a maximum of 0.02% p.a. of the total net assets of the Company, with a minimum fee of EUR 3,600 per sub-fund p.a.. The calculation is performed at the level of the Funds promoted by Banca March S.A..

MARCH INTERNATIONAL

Other notes to the financial statements

7 - Administration fees

CACEIS Bank, Luxembourg Branch has been appointed as Administrative Agent of the Company. The Administrative Agent is entitled to receive, out of the assets of each share class within each sub-fund, a fee corresponding to a maximum of 0.0225% p.a. per share class, with a minimum fee of EUR 12,000 per month for SICAV. The calculation of the minimum fee is on a complex-wide basis based on the total number of sub-funds at the level of Banca March S.A. under each type of fund, and the resulting minimum adjustment will be prorated and allocated to each group of sub-funds of the same type based on their respective net asset value.

8 - Subscription tax ("Taxe d'abonnement")

The Company's assets are subject to a subscription tax (taxe d'abonnement) in Luxembourg of 0.05% p.a. on the total net assets of each sub-fund (and 0.01% p.a. on the total net assets in case of sub-funds or share classes are reserved to Institutional Investors), payable quarterly and calculated on the net assets at the end of the relevant quarter. In case some sub-funds are invested in other Luxembourg UCIs, which in turn are subject to the subscription tax provided for by the 2010 Law, no subscription tax is due from the Company on the portion of assets invested therein.

The Company's income is not taxable in Luxembourg. Income received from the Company may be subject to withholding taxes in the country of origin of the issuer of the security, in respect of which such income is paid. No duty or tax is payable in Luxembourg in connection with the issue of Shares of the Company, except for a fixed registration duty of EUR 75 due each time the Articles of Incorporation are amended.

Under current legislation, Shareholders are not subject to any capital gains, income, withholding, estate, inheritance or other taxes in Luxembourg, except for those Shareholders domiciled, resident or having a permanent establishment in Luxembourg.

The sub-fund MARCH INTERNATIONAL - MARCH CLIMATE TRANSITION CREDIT (formerly MARCH INTERNATIONAL - MARCH GREEN TRANSITION BOND) (the "Feeder Sub-Fund") is a feeder sub-fund pursuant to article 77 (1) of the 2010 Law and at all times invests at least 85% of its assets in shares of class WT6 of Allianz Green Transition Bond (the "Master Sub-Fund"), a sub-fund of Allianz Global Investors Fund (the "Master Fund"), which qualifies as a master UCITS within the meaning of the Directive 2009/65/EC of the European Parliament and of the Council of July 13, 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS), as amended.

The financial year for Allianz Global Investors Fund Sicav, of which Allianz Green Transition Bond is a Sub-Fund, goes from October 1st to September 30th. The Feeder was launched on December 1, 2021.

This table provides the Master-Feeder information:

Feeder Fund (share class)	% of Feeder TNA invested in Master at June 30, 2025	% of Master TNA owned by Feeder at June 30, 2025	Total Fee*
Class A USD	0.13%	12.09%	0.91%
Class A EUR Hedged	3.49%		0.91%
Class C EUR Hedged	85.93%		0.47%

* The Total Fees refer to the total fees payable at the level of the Sub-Fund and the Master Sub-Fund.

The investment objective of the Master Fund is to achieve long-term capital growth by investing in global bond markets with a focus on issuers (companies, sovereign and quasi-sovereign issuers) providing positive contribution to sustainable and environmental-friendly solutions and transition into a low-carbon economy in accordance with the Green Transition Strategy.

The estimated ongoing charges of both the Feeder Sub-Fund and the Master can be found in both KIDs.

Other notes to the financial statements

10 - Dilution levy

The actual cost of purchasing or selling assets and investments for a sub-fund may deviate from the latest available price or net asset value used, as appropriate, in calculating the Net Asset Value per Shares due to duties and charges and spreads from buying and selling prices of the underlying investments. These costs have an adverse effect on the value of a sub-fund and are known as "dilution".

To mitigate the effects of dilution, the Company may, at its discretion, make a dilution adjustment to the Net Asset Value per Shares. Adjustments will however be limited to a maximum of 2% of the then applicable Net Asset Value per Share.

There is no dilution applied for any sub-funds during the financial period as at June 30, 2025.

11 - Other assets

Other assets includes reclaims to recoverable fees and taxes.

12 - Research fees and commissions

With effect from January 3, 2018, with the exception of minor non-monetary benefits as defined in the Markets in Financial Instruments Directive ("MiFID"), the Investment Manager is not permitted to enter into soft commission arrangements which would result in them receiving research free.

Managers can accept research if they pay for it via a Research Payment Account ("RPA") which is funded by the assets of the sub-fund or similar means which result in the same level of protection as the RPA method.

There were no Research fees as at June 30, 2025.

13 - Transactions with related parties

This invested fund is promoted and managed by an entity of Banca March Group. The Investment Manager of the Company is also part of Banca March Group.

When a sub-fund invests in the units of UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription, conversion or redemption fees on account of the sub-fund's investment in the units of such UCITS and/or other UCIs.

There was no cross investment as at June 30, 2025.

14 - Withholding tax

The Company may benefit from double tax treaties entered into by Luxembourg, which may provide for exemption from withholding tax or reduction of withholding tax rate.

Interest and dividend income received by the Company may be subject to recoverable and non-recoverable withholding tax in the source countries. Other assets include the withholding tax recoverable on dividend income.

15 - Changes in the composition of securities portfolio

A copy of the list of changes in the securities portfolio of each sub-fund may be obtained free of charge at the registered office of the Company for the period ended June 30, 2025, and available at the paying and local agent offices.

16 - Subsequent events

There are no subsequent events.
