The Investment Committee is responsible for analysing the economic and financial environment and establishing the investment strategy. All investment professionals of the fund manager are members of this committee.

Our range of risk-profiled funds consist of four funds of funds, with globally diversified portfolios investing in fixed income, absolute return and equity strategies, from the most defensive to the most adventurous risk profile, tailoring risk levels through volatility and exposure to equity assets.

SUSTAINABLE INVESTING

In a rapidly changing world, our goal as an investment manager focuses on achieving sustainable returns for our long-term customers. March A.M. has a Sustainable Responsible Investing (SRI) policy in place, which is underpinned by the following principles:

- Including environmental, social and corporate governance (ESG) aspects in the analysis and investment decision-making process, in addition to the traditional quantitative and qualitative financial criteria, basis of the company's historical decision-making.
- Increasing the involvement of the management company with the companies in which it invests, through greater participation in corporate governance decisions ("proxy voting").
- Open dialogue with the companies in which it has invested as regards issues related to environmental, social and corporate governance factors ("engagement").

We firmly believe that the implementation of this policy will have a favourable effect on the results of March A.M. products and of the companies in which it invests with a medium- and long-term horizon, along with ambitious objectives in terms of the greater economic, social and environmental progress of society as a whole.
