

Risk level: Category "1" does not mean that the investment is risk-free.<sup>(1)</sup>

# MARCH RENTA FIJA 2025, F.I.

## The Fixed Income Opportunity

As a result of the recent cycle of increases in official rates, the returns offered by fixed income already represent a true investment alternative compared to other assets and allow for positive returns for the risk taken.

A **euro fixed-income fund** that offers investors a return that will depend on the performance of those assets in which the fund invests its capital.

The March Asset Management team will be responsible for investing and managing the fund's capital in order to achieve the highest possible return for shareholders. The fund's management objective is to **preserve the principal** and obtain a **return based on the types of assets in which it invests**, after discounting the relevant fees, within the term remaining at any given time and until the strategy's time horizon ends (31st July 2025\*).

## How does this fund invest?

It invests 100% of its portfolio in public and/or private fixed-income assets, denominated in euros, from mainly OECD issuers/markets (up to 15% in emerging markets). It will be able to invest up to 10% in low credit quality (lower than BBB-) or non-rated assets.

The portfolio will be purchased at its spot price and the assets are expected to be held until maturity, although there may be changes in issues due to management criteria.

## Who is it aimed at?

This fund is aimed at any type of investor, with basic knowledge of how the product works and with a medium-low risk tolerance, who wishes to invest in the medium term with the objective of preserving their capital and obtaining a return in line with the invested asset classes.

This fund may not be suitable for investors who plan to withdraw their money before the end of the strategy's time horizon (31st July 2025\*).

1. This data is indicative of the fund's risk which, however, may not be a reliable indicator of the fund's future risk profile. In addition, there are no guarantees that the specified category will remain unchanged as it may vary over time.

\*From 31st July 2025, investments will be made with assets that preserve and stabilise the net asset value, and investors will be notified about the investment fund's new terms within the following 3 months. Therefore, at maturity the amount will NOT be credited to the current account; the fund will remain alive and the investor must indicate whether they opt to get a refund or to transfer the amount to another vehicle.

### WARNINGS

FIXED-INCOME INVESTMENTS CARRIED OUT BY THE FUND MAY SUFFER LOSSES IF INTEREST RATES RISE, THEREFORE REFUNDS MADE BEFORE THE EXPIRATION OF THE TIME HORIZON MAY RESULT IN A FINANCIAL LOSS FOR THE INVESTOR. THIS FUND MAY INVEST 10% IN FIXED-INCOME ISSUES WITH LOW CREDIT QUALITY, THAT IS, WITH A HIGH CREDIT RISK.

## ADVERTISING COMMUNICATION.

The investment described herein may entail, among others, an interest rate, geographic or sectoral concentration, or credit risk, as well as that resulting from the use of derivative financial instruments and sustainability risks. Therefore, the value of an investment fund's assets, whatever the investment policy may be, will be subject to market fluctuations so that there may be either positive returns or losses.

The fund's investments in Fixed Income may suffer losses if interest rates rise, so redemptions before the maturity of time horizon may entail losses for the investor. If you voluntarily choose to redeem, you will do so at the valid market's net asset value on the redemption date, you will not be guaranteed any amount and you will be charged the relevant redemption fees and/or discounts that, where applicable, appear in the fees section.

The informative brochure and the Key Investor Data document for this investment fund can be found at <https://www.march-am.com/en/>, as well as at the CNMV official registers. The investments described herein may involve a number of risks described in the fund's brochure and KIID. For more information on our sustainable and responsible investment criteria, please visit <https://www.march-am.com/en/about-us/sustainable-and-responsible-investment/>.

**This document is meant for commercial purposes** and is not intended to be and cannot be considered at any time as a recommendation to invest in or contract any financial products. It has been prepared solely in order to help any interested investor to reach an independent and individual decision and they should be aware that the product may not be suitable for their specific investment objectives, their financial or wealth position or their risk profile. Therefore, they must make their own decisions by considering said circumstances and seeking specialised advice on tax, legal, financial, regulatory, accounting or any other matter that may be required. The investment decision should not be based solely on aspects related to sustainability, but rather also on the Fund's characteristics and objectives as described in the brochure and in the rest of the information sent to investors pursuant to applicable regulations. This fund may not be suitable for investors who plan to withdraw their money before the end of the fund's time horizon (31/07/2025).
