WHAT IS THIS PRODUCT?

TYPE
This product is a fund of MARCH INTERNATIONAL, an investment company with variable share capital (SICAV) with multiple funds and governed by the Luxembourg Law of December 17, 2010 on Undertakings for Collective Investment.

TERM
This sub-fund has no maturity date. However, the board of directors may decide to close the sub-fund under certain circumstances.

OBJECTIVES
The objective of the Sub-Fund is to provide its investors with capital growth, mainly by investing in units of Undertakings for the Collective Investment in Transferable Securities ("UCITS") and/or Undertakings for collective investment ("UCIs") offering different strategies and the philosophy of which is to achieve an absolute performance. At least two thirds of the assets, excluding cash, will be invested at all times in UCITS and/or UCIs having notably (but not limited to) the following alternative investment styles: "Long Short Equity", "Event-Driven", "Macro", "Relative-Value" and "Protection" (For detailed definition for each of these investment style, please refer to the prospectus).
The Sub-Fund's assets must be invested in at least three of these styles without any one of them accounting for more than 50% of the Sub-Fund's total net assets.
The Sub-Fund may invest up to 20% of its net assets in money market instruments and time-deposits or UCIs. However, the exclusive object of which is the collective investment in money market instruments and the placing of deposits with credit institutions. The Sub-Fund shall not invest more than 30% of its net assets in units of other UCIs (other than UCITS).The Sub-Fund may also hold ancillary liquid assets (i.e. bank deposits at sight, such as cash held in current accounts with a bank accessible at any time) up to 20% of its net assets for treasury purposes. The Sub-Fund may invest in financial derivative instruments, including but not limited to FX forwards, for hedging and efficient portfolio management purposes.The Sub-Fund will not use efficient portfolio management techniques or Total Return Swaps (TRS). The Sub-Fund is actively managed and the investment objectives and strategy do not refer to a benchmark.
The Sub-Fund launched on 27/04/2021. The Share Class launched on 27/04/2021.
The currency of the Sub-Fund is EUR, the currency of this product is EUR.
Distribution Policy: Returns and gains are not distributed but are reinvested in the Fund.

INTENDED RETAIL INVESTOR
This Sub-Fund is aimed more particularly at investors who wish to achieve capital growth by means of a dynamic diversification of their investments by investing mainly in units of UCITS and/or UCIs with a focus on various alternative strategies and styles, as further described above and have at least a 5 years investment horizon period. Investors are advised to invest only a part of their assets in such a Sub-Fund.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

RISK INDICATOR
The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

1	**2**	3	4	5	6	7

Lower Risk
Typically lower rewards

Higher Risk
Typically higher rewards

The risk indicator assumes you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

We have classified this product as 2 out of 7, which is a low risk class. This rates the potential losses from future performance at a low level, and poor market conditions are very unlikely to impact our capacity to pay you.
Investors shall note that besides the risks included in the risk indicator, other risks such as liquidity risk, counterparty risk, risk associated with investments into other UCIs/UCITS, risk linked to use of derivative instruments and hedging risk may affect the fund performance. Please refer to the Prospectus for further details.

This product does not include any protection from future market performance so you could lose some or all of your investment. If not able to pay you what is owed, you could lose your entire investment.

PERFORMANCE SCENARIOS

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.
The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product/a suitable benchmark over the last 10 years. Markets could develop very differently in the future.
The stress scenario shows what you might get back in extreme market circumstances.

WHAT HAPPENS IF ADEPA ASSET MANAGEMENT S.A. IS UNABLE TO PAY OUT?

The investments of the fund are held separately from the assets of Adepa Asset Management S.A. as fund management company and from the corresponding custodian bank. Thus, you will not lose your investment in the event of a possible insolvency of Adepa Asset Management S.A.

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product performs. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.
We have assumed:
- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

INVESTMENT 10,000 EUR SCENARIOS	IF YOU EXIT AFTER 1 YEAR	IF YOU EXIT AFTER 5 YEARS

OTHER RELEVANT INFORMATION

CONVERSION RIGHT: You may apply for shares in this Sub-Fund to be converted into shares of different class or other Sub-Funds of March International. For more information on how to convert your shares to shares of other Sub-Funds, please refer to the "Conversions" section in the Prospectus.

SEGREGATION: Investors should note that there is no segregation of liabilities between the individual Classes within a Sub-Fund. Hence, there is a risk that under certain circumstances, hedging transactions in relation to a Hedged Class could result in liabilities affecting the Net Asset Value of the other Classes of the same Sub-Fund. In such case assets attributable to other Classes of such Sub-Fund may be used to cover the liabilities incurred by the Hedged Class. An up-to-date list of the Classes with a contagion risk is available upon request at the registered office of the Company/the Management Company.

ADDITIONAL INFORMATION: Copies of the Prospectus, the latest annual and semi-annual report in English as well as other information (including the latest share prices) are available free of charge upon request at the registered office of the Company or on https://www.march-am.com.

PAST PERFORMANCE AND PREVIOUS PERFORMANCE SCENARIOS: The cost, performance and risk calculations included in this key information document follow the methodology prescribed by EU rules. Note that the performance scenarios calculated above are derived exclusively from the past performance of the Company's share price and that past performance is not a guide to future returns. Therefore, your investment may be at risk and you may not get back the returns illustrated. Investors should not base their investment decisions solely upon the scenarios shown. Information about past performance (when available) and performance scenario calculations can be found on https://www.march-am.com.
Any past performance data presented will be for up to 10 calendar years from the date of the launch of a share class. No performance data will be presented for a share class that does not yet have performance data for one complete calendar year as there would be insufficient data to provide a useful indication of past performance to retail investors.
